
TIPS* for Data Teams

From the Oregon Direct Access to Achievement Project

Thursday, Feb. 9

for teams with their coaches/team leaders

8:30 a.m. – 3:30 p.m.

Friday, Feb. 10

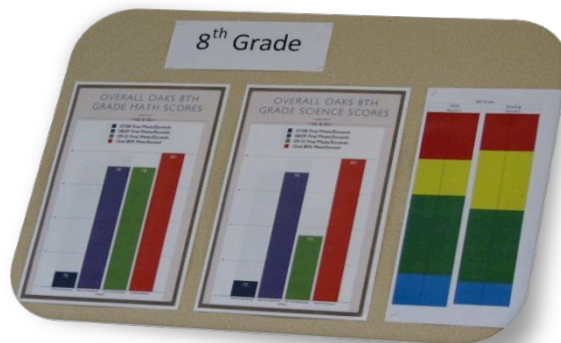

for coaches/team leaders

8:30 a.m. – 3:30 p.m. at Lane ESD

Presented by Anne Todd, Patty Parnell,
Kathleen Ryan-Jackson, Marianne Oakes
and Sandie Price

This session is intended for team training to enhance your data team process. The TIPS model will provide teams and team coaches/leaders with the opportunity to learn, practice and plan using multiple databases.

- Get your team ready for data teams with TIPS
- Learn about and apply meeting foundations
- Learn how to use one of the recommended meeting minute forms to document decisions and guide the meeting
- Define problems and develop hypotheses with precision using a variety of student outcome data from SWIS, EasyCBM and other sources
- Work through solution development; choosing strategies and action planning; formulating results indicators for fidelity of implementation & student outcome measures

Prerequisites

Teams planning to attend on Thursday, Feb. 9, must have a data team leader or coach attend with the team.

Coaches planning to attend on Friday, Feb. 10, must attend the previous day's session with their teams.

Familiarity with SWIS, OAKS and EasyCBM data is encouraged. More information here:

SWIS: www.swis.org

OAKS: www.oaks.k12.or.us

No cost to Lane County districts--\$25.00 per person for other districts. Sustainability funding support available!

REGISTER EARLY! A minimum number of registrants are needed to offer this training.

Please bring a laptop. All training materials will be available electronically and sent to you prior to the training. No paper copies will be provided.
